

EXTRA~EXTRA~READ ALL ABOUT IT!

Students who read over the summer continue to strengthen reading skills. Practicing and enriching reading throughout the summer ensures that students have a jump start for the coming year.

Summer reading should be less structured and more informal.

Try some of the following to make reading fun!

- ~Read to your child daily.
- ~Read a variety of materials and genres including magazines, mystery books, non-fiction, poetry, etc.
- ~Talk about what your child read and ask questions about the book.
- ~Encourage your child to write or draw in response to what was read.
- ~Explore the library for a variety of book choices and sign up for a summer reading program.
- ~Enjoy reading at the pool or beach.
- ~Take a picnic to the park and bring along some books to read.
- ~Choose some titles from the attached summer reading list to enjoy.

BCES has several ebook resources available
(Tumble Books & Destiny Quest).

Please visit Ms. Gay's webpage for directions.
